EXCELLENCE IN EMBOLIZATION

LIVE Case

Prostatic Artery Embolization

Educational Objectives:

- The embolization track will have an extensive coverage of embolization procedures (Gastro intestinal, pulmonary, renal, genito-urinary, and obstetric and gynecology)
- A dedicated session on innovative approaches including hemorrhoids and prostate treatments.
- New directions in embolization tools
- Live cases will be directed by pioneers and leading physicians in the treatment of BPH by prostatic artery embolization
